Matrons Report Good Bond Response

Redwood City block matrons are reporting good results in their house-to-house canvass for the sale of war bonds, Mrs. Florence Donnelly, chief clerk of civilian defense said today.

The matrons find a "very cordial spirit" toward the canvass, she said.

Excellent co-operation among the matrons is helpful too, in the drive. Mrs. K. R. Jenkins, zone 3 captain, said that a lady of 82 who was assigned to cover one block, requested to double her job and cover two.

New Photo Studio Opens in San Carlos

A new photographic studio, utilizing the latest types of lighting equipment, has opened for business at 1250 San Carlos Ave., San Carlos, Mr. Keith Cole said today. The new establishment is known as the Birger Studio.

One of the most advanced pieces of equipment, Cole said, is a Kodatron lamp which is faster than most lamps, has no glare to hurt the subject's eyes and allows taking of studio candid shots. It is particularly useful in taking pictures of youngsters, Cole pointed out.

Matter under the Act of March 3, 1879.Fire Threatens
Five Homes

Five homes were threatened for about an hour at mid-day Sunday when a fire swept over an acre of brush at Alameda and Lyon Aves., Belmont. Eighteen men from the Belmont Fire Dept. extinguished the blaze. One engine and a tank wagon were dispatched.

Firemen said that it was fortunate that no wind was blowing. They were able to stop the blaze at a road.

Upon return from the fire, Asst. Fire Chief William Curtis discovered that a fire in the bedroom of his home at Fifth and Waltemire Aves. had burned a hole in the floor. Firemen said they believed the blaze started from a cigaret thrown in a wastepaper basket. Lack of oxygen was believed to have prevented spread of the fire. There was no other damage.

Belmont Wardens
To Report on Drive

Mrs. C. A. Heartsner, chairman of the war bond drive in Belmont announced that a meeting of air raid wardens will be held in the city hall at 7:30 p.m. today to report on sales of the current drive.

Air raid wardens under James F. Furlong Jr. have been making a house to house canvass to sell bonds.

New First Aid Course
In Kensington Square

A first aid course was started yesterday afternoon by the Kensington Square civilian defense organization, with Mrs. Ruth Bernard in charge. Classes, to be held each Tuesday at 2 p.m., are held at 555 Upton St. The classes are open to the public, Mrs. Bernard said.

 County Clerk.
 By JUNE M. LYNCH,
 Deputy Clerk.

Sept. 3, 10, 17, 24; Oct. 1, 1943

The killer whale will attack much larger species and even boats and small ships.

The property of the Red Feather Products Ltd. today is part of Redwood City as a result of the adoption of the annexation ordinance at a meeting of the city council Monday. Adoption of the ordinance was moved by Councilman Walter Hilton and seconded by Evans Fletcher.

Reporting on the dust condition caused by the Garden City Products, City Mgr. Robert W. Mead said the company was making rabbit feed that was in great demand and the machines were operating more than usual. He said the owner was constructing a dust collector. The council dropped the matter from the agenda.

Mead reported that an "armor coat" surface would be put on the parking lots around the Southern Pacific Depot soon. He assured members of the Commuters Club, present at the meeting, of a firm, clean surface during the wet months. Directional traffic signs, which will be used in enforcing the ordinance regulating traffic around

the depot, have arrived, Mead said, and will be put up when the new parking lot exits, now under construction, are completed.

Redwood City Bus Line financial reports and payments to the city were carried on the agenda till the next meeting.

The council gave H. Weiner permission to move his building, against which nuisance abatement proceedings have been initiated to the rear of the lot, where it will be made into a garage.

City Atty. Paul McCarthy reported that posting and mailing of the nuisance abatement proceedings had been done on the nuisance abatement of the boot-black stand near 2069 Broadway. The matter was carried over to the Oct. 4 meeting.

More than 10,000,000 persons in the fiscal year 1942 saw motion pictures dealing with the petroleum industry distributed by the U. S. Bureau of Mines.

The call of a trumpet swan can be heard as far as two miles.

Forum Letter

EDITOR:

The citizens of Redwood City are truly glad to know the War Bond drive put on by J. C. Penney Co. in July was a grand success. As citizens we deeply appreciate the gesture of the Penney Co. in placing the pictures of our beloved sons, brothers, husbands, and sweethearts who have joined the armed forces, in their windows.

Literally hundreds, in the busy humdrum of life, stopped to view the beautiful display of pictures of the boys in service. Many satisfactory comments were heard and many, many messages were sent to the boys that these pictures were on display.

Many a youth, whose picture was on display, has severed all home ties and everything that life held dear to him because there is a Star-Spangled Banner waving somewhere in some distant foreign land. And with the

Redwood City To Aid Band Instrument Drive

City Recreation Director Alfred Morton today completed arrangements for Redwood City's participation in Movie Actor Joe E. Brown's campaign to gather band instruments for servicemen.

The musical instruments will be accepted at the city firehouse, repaired and shipped overseas, Morton said.

"Anyone with a musical instrument not in use should give it to the boys overseas," Morton urged. "Donors should write their names on tags and attach the tags to the instruments."

help of God, our sons, brothers, husbands, and sweethearts will keep it waving with their own precious lives. As citizens let us not forget to pray for our armed forces.

Sincerely,
 a mother whose son is in the service
 MRS. TRUE HOMAN.

Fox Issues Call For Applicants

Chester B. Fox, Redwood City secretary for the board of U. S. Civil Service examiners, today issued a call for craftsmen, engineers, chemists, stenographers, typists and other workers to apply for civil service positions at his office in the post office here.

"War production goals demand an immense outpouring of ships, guns and supplies," Fox said. "Pacific Coast building and repairing operations must go on. If you are not on a war job, contact the civil service office and find your war job."

Fox also announced the following civil service examinations:

Price aide, \$2432 a year; laboratory mechanics, \$1440 to \$2300 a year plus overtime.

Graphite occurs mainly in the older crystalline rocks—gneiss, granite, schist and crystalline limestone.

How to take care of GAS HEATING EQUIPMENT

RIGHT NOW is a good time to check up on the gas heating devices in your home. If repair is needed—do it at once. Usually, however, a good cleaning to remove dust and rust is enough. See examples below:

1 Take off the grill on your wall register or floor furnace. Have a cardboard carton handy and go to work with a brush or vacuum cleaner. A pancake turner can serve to lift out heavy dirt.

2 Is yours a forced-air furnace? Then take out filter pads. Give them a good cleaning or replace with new pads. Each fall have a heating dealer check over the furnace, fan, motor, controls and pilot light.

3 Take a look at the vent pipe that connects your heater and other gas equipment to the flue. If it is rusted out—have it replaced now.

4 Watch room temperature and save gas. Overheating your home isn't healthy anyway. If your fireplace has a damper, close it when the gas heat is on. It's good economy.

Gas Heating devices are built to give long years of service. Rust and dust are their worst enemies. With a little care now and then they will see you through the duration.

Duration-ize your Gas Heating Equipment with Proper Care, Proper Use and Timely Repair
